**To:
Our Piezoproducts Customers**

**Customer information
regarding product compliance acc. to REACH and RoHS legal regulations**

Johnson Matthey is a leading speciality chemicals company underpinned by science, technology and our people. As a leader in sustainable technologies, many of our products enhance the quality of life for millions of people around the world. We support the aim to improve the protection of health and environment.

The following applies to products of Johnson Matthey – Piezo Products, if not otherwise stated in product descriptions, as per the present status:

EU REACH information

Under Article 33.1 of the European Union REACH Regulation (EC) No 1907/2006 suppliers are obliged to inform customers of any substances of very high concern ("SVHC" listed on the so-called "Candidate List"), present in articles above 0.1% (weight/weight). The Candidate List is maintained by the European Chemicals Agency (ECHA), and is published at: http://echa.europa.eu/chem_data/authorisation_process/candidate_list_table_en.asp.

We inform you, that the following substance is contained in our products above the threshold level of 0.1% by weight of the supplied article: Lead titanium zirconium oxide (CAS number 12626-81-2). This information fulfils our obligations in line with Article 33 of the EU REACH Regulation (EC) No 1907/2006.

Parts are not intended for mechanical machining.

EU RoHS compliance

We hereby declare, that our products, to which the EU Directive 2011/65/EU applies, are in full compliance to it.
